# Is My Child Gifted?

DOES HE HAVE A LEARNING DISABILITY?

IS SHE READY FOR KINDERGARTEN?

Helping your child navigate through his or her learning years can be challenging at the best of times. When you have questions about academic, emotional or behavioral needs, knowing where to turn and what to do next can be overwhelming, confusing, costly and time sensitive. Tampa Jewish Family Services is here to help.

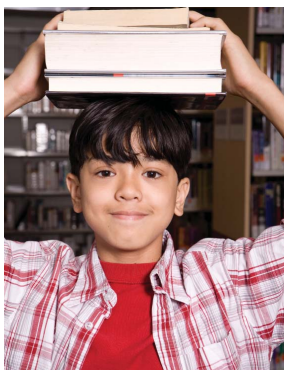

Gifted, Educational and Psychological Evaluations for Children and Adolescents

Tampa Jewish Family Services' Psychological and Educational Assessment program provides:

- ◆ a valuable and important clinical service to identify a child's academic strengths and difficulties
- ◆ an understanding of emotional and behavioral challenges affecting the entire family
- ◆ clarification of an existing diagnosis; identification of new diagnoses

TJFS PROMOTES EARLY LITERACY & YOUTH SUCCESS

In a confidential and comfortable environment, clients participate in a thorough interview process to assess and evaluate the nature of the concern. A flexible testing battery (the instruments used for evaluation) is individualized to each child's unique background and goals. At the conclusion of the evaluation, a feedback session is held with the child or adolescent, and their primary caregiver/s, to bring the entire family to an understanding and an appreciation of the results. Families are provided a comprehensive written report with individually-tailored treatment recommendations. TJFS can refer to appropriate specialists if needed.

WHAT TO EXPECT FROM A PSYCHOLOGICAL OR EDUCATIONAL ASSESSMENT AT TAMPA JEWISH FAMILY SERVICES?
